

Emergency Action Plan

Location: **AUTZEN STADIUM**

1. **First Responder** (defined as someone designated or trained to respond to an emergency) **is in charge. Athletic Trainers are trained as first responders.** Assess the situation and provide necessary emergency treatment for the patient(s).
2. The First Responder will designate a **second person** to activate EMS by **calling 911.** The **Second Person** needs to provide the following information (ask first responder for specifics if needed):

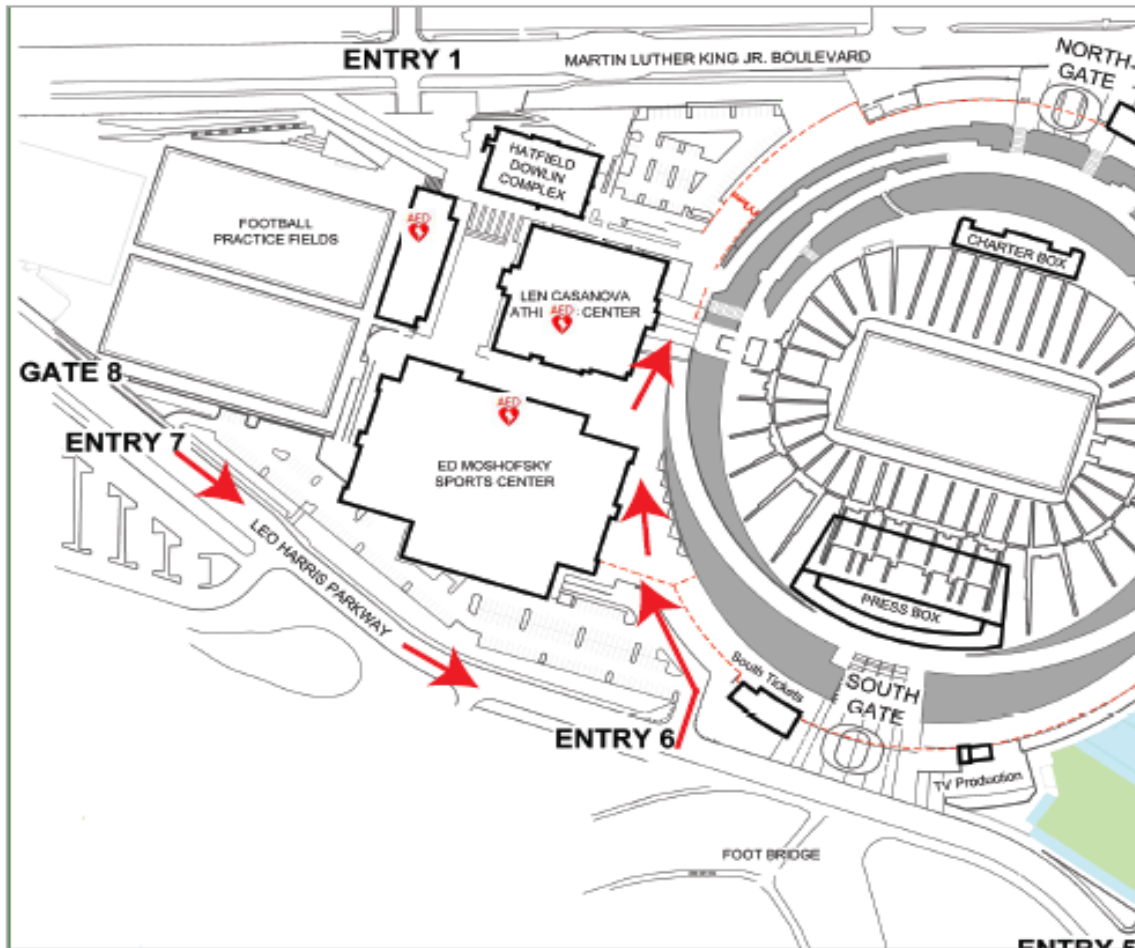

Patient Specific Information	Facility Specific Information
Injured Person/Patient name	Adjacent to 2735 Leo Harris Pkwy
Type of emergency	Enter into Lot 6
Type of suspected injury	Drive between the Moschofsky Center & Autzen to the WEST Gate of the Stadium
Present condition of injured person (conscious, unconscious, breathing, pulse, bleeding, etc)	Park at top of the ramp (ambulance will not fit down the tunnel ramp).
Care being rendered by First Responder	Gurney down to the field
DO NOT HANG UP until Instructed by dispatch	

3. A **Third person** will be asked to get necessary **equipment/splints.** This may include an AED: During University of Oregon athletic team official practices and competitions the AED will be on the sideline or golfcart with the athletic trainer.
4. **A person must be sent to wait for the ambulance** to arrive at Entry 6 and direct ambulance to Autzen Stadium's West Gate. Make sure the gate is open. If possible have another person at the top of the tunnel to help direct emergency personnel to the patient.
5. Once EMS has been notified, the **second person** can notify the **Office of Public Safety at 541-346-6666** of the emergency and actions taken.
6. If possible someone should **accompany patient to the Hospital.**
